

The Spring Hunt Test season and Grand have come and gone and now we in Region 10 get to train in the good ole Summer heat and humidity. I don't need to remind everyone to be extra careful as the temps and humidity increase. Good luck to everyone.

**Amite River HRC, [www.arhrc.org](http://www.arhrc.org). President, Mark Evans, [emevans1010@gmail.com](mailto:emevans1010@gmail.com).**

ARHRC was well represented at the Spring Grand in Grenada, MS. We had twelve members run thirty-two dogs and six of those members had nine of the fifty-seven passes. Great job, ARHRC. Chuck McCall led the way with four passes while Sue Muffoletto, Chancy Alexander, Kelly Scott, Steve Riggins, and Mark Evans each passed one.

Our Spring test was a great success. Thanks to all members that worked and to the judges for their time. Thanks, also, to the handlers that competed. We had three finished flights along with started and seasoned.

By the time this issue is printed, our website should be completed. Thanks to Steve Seals, our webmaster, for all of the hard work in revamping the site. Also, thanks to Freddie Blanchard, Chuck Dowling, and Mark Evans for their help in the renovation.

**Bayou HRC, President, Billy Chaisson, [pchaisson@mobiletel.com](mailto:pchaisson@mobiletel.com).** No report submitted.

**Cajun HRC, [www.cajunhrc.com](http://www.cajunhrc.com). President, Benny Landry, [blandry@miswaco.com](mailto:blandry@miswaco.com)**

The picture above is Cajun President Benny Landry giving Tommy Landers a lifetime Honorary membership to Cajun HRC and member Mark Briley received his 1000 point ribbon for his dog Stormy.

Tommy is a very special person and he brightens our lives and gives us great joy to watch him run Dash. Cajun had our Spring hunt on April 16th and 17th the weather was beautiful and we had a great turn out. As in the rest of the South the weather is warming up rapidly which makes dog training a little more difficult during the summer heat. Our highs in the high 90's with 80 % humidity is really hard on our dogs so we do our training early in the morning when the temperature is only around 80. Cajun has one more event before the summer . We are having a YOUTH SEMINAR Saturday June the 18th and all children under the age of 18 are invited to participate. Contact me for further information- Benny Landry at [blandry@miswaco.slb.com](mailto:blandry@miswaco.slb.com) or [337 254 0375](tel:3372540375).

**Central Louisiana Retriever Club, President, Robbie Andries, [reandries@att.net](mailto:reandries@att.net). Report submitted by David Brewer.**

As I am writing this it is already starting to get hot down here. We had a great turnout last meeting where elections were held followed by a setting of topics for future meetings to provide talking points towards improved retrievers at all levels. The Club training day was held at Robbie Andries home were a water set up that challenged all from started to grand level dogs was run. Thanks to all the pros for one on one with each member as they ran dogs receiving on the spot pointers. In all 20 members turned out and a grilled pork lunch was provided by Mrs. Andries. Central is gearing up for our fall hunt that has been moved to the last weekend in August so mark it on your calendars

**Lake Charles Retriever Club, President, Wilson "Boogie" Lejeune, [wlejeune@camtel.net](mailto:wlejeune@camtel.net). Report submitted by Chris Fontenot.**

The spring hunt test season is now over in Louisiana. It has been nice to see everyone and meet some new handlers this spring. Lake Charles Retriever Club has continued its monthly

training days. We have gone to some unique locations to adapt our dogs to different terrains, ponds, scenarios.

LCRC just had its Spring Fling. President, Boogie Lejeune hosted a crawfish boil at his home. We had all the crawfish, taters, corn, etc we could eat. Members also brought desserts to follow up that spice. Thanks to all, especially, Boogie and Charlyn for opening their home to us. If you didn't come you missed a good time.

The works are in process for our Fall hunt. It will be at our normal location at Phil Rauser's farm in Vinton, LA. The hunt will be October 1-2, 2011. Premium will be completed soon. Please plan to attend.

It has been very hot and dry already down south. Keep the dogs cool and train, train, train. See ya soon

**North Louisiana HRC, President, Harris Clark, [wilsonclark15@yahoo.com](mailto:wilsonclark15@yahoo.com). Report submitted by Denice Gordy.**

Springtime has arrived here in the South with fury. The many tornadoes, as well as the flooding, has caused mass destruction and many people have lost their homes and their lives. Our prayers are with these families. Looks like we may get more bad weather this week.

Condolences go out to Donna Remides and family for losing her mom last week. Mrs Ann has prepared our tailgate suppers for our hunt test several times. We will surely miss her.

Get well wishes goes out to Jan Huff, Cam Huff's wife, on her recent surgery. Hope that she continues to improve.

On a lighter note, the 50th HRC Grand is now history. Congratulations to those that passed and to Southern Flight for their hard work. Everything went according to plans. Club member Tommy Landers received his 500 pt jacket for GRHRCH Dash, Friday night at the banquet. Dale and Denise Johnson along with Doc Porrier received a special plaque for their dedication to HRC and Tommy. Our club is so proud of Tommy for making it to the second series of the grand.

We will have a funday/ meeting Saturday, May 7.

**Ponchartrain HRC, President, Tony Palmisano, [tpsot@aol.com](mailto:tpsot@aol.com). Report submitted by Karen Klotther.**

Pontchartrain HRC had a very successful Spring Hunt. Thanks to everyone that came out and ran their dogs and to all members that helped. A lot of our members are running each weekend between HRC and AKC hunts, good luck to all.

PHRC will be holding their annual meeting/training day on May 7 and hope to have new officers in place.

Have a good summer and keep the dogs cool.
